It is all a big dream
One night I was in my
house sleeping in my dog
basket. Next thing I am in a
rain forest. I saw alot of
wild life all over the
place. Then I came out of
the rain forest and I saw a
rocket. I pressed loads of
buttons and then

It took 2 years to get
to the moon. I felt
nerves because I thought
it was someone else's
space ship.

Then I landed on the moon.
I saw 4 aliens. They were
all named Ten. "Hello my name
is Ten."

"Hello my name is Ten."

"Hello my name is Ten."

"Hello my name is Ten."

"Hello I replied."

"Do you want some
goop? ... NO!!!! I am

going now.

What was I doing in
my sleep.
